New Products from Sports Tech and Kidder

It's here! The slalom ski that will remove the confusion from the market. The Sports Tech Competition is now available for the skier who has been looking for a ski with the turning ability of the O'Brien Competitor; the tracking of the Maherajah LaPoint; the acceleration of the Jobe Professional, and the effortless ride of the Connelly Team I.

Another outstanding product introduced on the market for 1980 is the Kidder XK-1 fiberglass trick ski. This new foam core trick ski with ABS top has a wider design, standard side grooves and rudder safety edges ... for a retail price below that of other foam tricks without the rubber edges.

To The Members Of The South Central Region

1980 is going to be another banner year for the South Central Region. You have already experienced growth in membership in the last few years, and are no longer the smallest region member wise. This certainly points out strong leadership and a willingness to contribute by you, the membership.

Your region is again hosting a National Tournament. The host is The Garden Valley Sports Resort, Tyler, Texas. However, this will also be a regional effort. This tournament will not only require the combined efforts of the leaders of your region but also the help and enthusiasm of you the membership. I have every confidence that the 1980 Nationals will be an outstanding event, and the South Central Region will again distinguish itself throughout this water skiing year.

I would also like to congratulate, and encourage, those of you who are involved in the Intercollegiate Program. Your efforts and accomplishments are a great inspiration and will certainly provide a great future for AWSA.

Happy Skiing!

Dear Fellow Skiers:

This year has been called the year of the child. We, in the South Central Region, have a child in the form of the 1980 Nationals. To make this child grow and mature, it is going to take the combined effort of all of us in this Region from now until maturity on August 24. Commit your help to one of the National Tournament Committee chairpersons listed elsewhere in this Guide.

There are some 38 tournaments scheduled over this season, the most we have ever had. This vigorous schedule will tax all tournament officials to complete each tournament. Don't condemn them for poor performance or lack of sensitivity to your problem if you haven't helped to make things go. Remember, they are dedicated people donating their time and tireless efforts to make our sport an enjoyable one. Make it an enjoyable one for them too, HELP.

Remember, the National child is our Regions child. Help it grow to be the best Nationals ever. We have the site and the people to do it. MAKE IT HAPPEN - VOLUNTEER NOW.

Sam Newsom,
Executive Vice-president, SRC

GO TEAM CONNELLY!

Ron Martin

M. J. Fink

Look around! See all the Connellys? And you'd better believe, you'll see more of them all the time. Did you know that over HALF of the trick skis used in the '79 Nationals were CONNELLY'S?

One thing that's making Connellys so popular is the CHOICE you have. For example, many top slalom skiers like the Connelly Short-line Graphite, while other world-class skiers such as Mike Hazelwood and Canadian Bruce Reid pick the Connelly Team 1. It's a matter of preference.

But no matter which slalom, trick, or jump skis YOU pick, you know the Connelly reputation for quality and craftsmanship.

Check on the complete line of quality Connelly skis and accessories at your dealer when you get a chance.

Sammy Duvall

HOT STUFF

In the world of water skiing one name has consistently stood above all others. To his credit this year have been victories at Marine World, Tivoli Gardens, Kentucky Lakes, California Cup, The Masters, Southern Regionals and The Nationals.

His name is Sammy Duvall and he is HOT STUFF!

He skis with the spirit of the champion he is and his victories speak for themselves. He trains and competes behind a MasterCraft, the most widely used tournament tow boat in the world. MasterCraft, because like Sammy, keeps getting better. Test ride a MasterCraft today and learn what the champions have known for years.

MasterCraft stands above the competition!

AUSTIN AQUA FESTIVAL

International Cash Awards Ski Tournament

\$25,000

Guaranteed

3 Event-Record Capability
AWSA Sanctioned
AWSA qualifications
required for entry

August 9 & 10 in Austin, Texas / Sponsored by the Austin Ski Club
(practice days August 7 & 8)

Plan now to be in Austin for this major tournament. Better yet, make a week of it. Because the tournament is only part of a ten-day celebration held annually in Austin. The Austin Aqua Festival. One of the ten largest festivals in the country. Beginning August 1, there will be more than 40 water, land and air events. And parties on the shore of Town Lake almost every night. So come on down and enjoy the fun.

★ **Country/Western
Fest Night**

a party on the lake with live country/western music, dancing, food and drink.

★ **River City Road Race**

one of only two races held in the country on city streets, Austin city streets are turned into a Le Mans course.

★ **Aerofest**

Bergstrom Air Force Base opens its gates to the public and presents air and ground shows.

At South Central Regionals

Sports Tech & Jay Wyatt Set Veteran Men's Record!

Jay Wyatt set an amazing record for Veteran Men at the last South Central Regionals: 45 consecutive balls. And he did it with Sports Tech.

"The Sports Tech Competition got me those 45 balls, no doubt about it, without even fooling with the edges. Let me tell you: that hyperparabolic tunnel works . . . I've got a record to prove it!"

The Competition's hyperparabolic tunnel actually creates a suction that holds the ski in turns. You'll ski better because the Competition is, quite simply, a better water ski.

Ski it . . . you'll *believe* it.

"I told you so!"

Ray Elder

I want to know more. Send me a brochure and tell me where or how I can get on a Sports Tech Competition Ski.
